Homesickness

It is not uncommon for a few students to experience homesickness. The staff has a great deal of experience working with homesick children and will encourage them to get involved and make the best of the experience. If the staff determine that the student is really unhappy or a negative influence on others, parents will be contacted to determine a plan of action.

Illness

The staff has no desire to keep a sick student at camp. Many times students who are homesick will say they are sick. A student who says they are sick will have their temperature taken and be evaluated by the EMT. If there is any indication that a child is ill, parents will be contacted and asked to pick the child up at the gate.

Leaving Camp During the Week (See #7 on "Suggested Items to Bring")

Arrangements can be made, but in order to minimize disruptions, provide safety and a good experience for all students, we request that you do **NOT** drive directly into the camp. It is really difficult for some to have other students' parents coming and going.

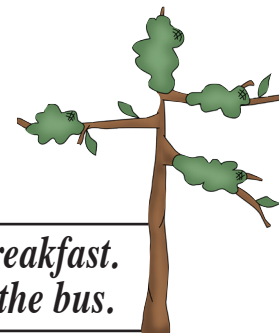

Questions?

Please call your School or Bill Sprunger, Outdoor Education Director
